

DL08-3125

**DISC-LOCK®**  
**PROP NUT LOCK**  
**WASHER**

**(5/16" / 10mm)**

**DAVE BROWN PRODUCTS, INC.**

Place the two inclined cam surfaces together and place between prop nut and prop washer. Tighten the prop nut to proper torque. Be sure that prop shaft threads extend beyond prop nut.

**WARNING:** Improper use of this product may cause severe injury or death. The operator assumes all responsibility for its use. Made in USA.

Disk-lock is a registered trademark of Disk-lock Int.
